

KASIPUL NG-CDF

ENVIRONMENTAL POLICY AND ACTION PLAN

ENVIRONMENT POLICY AND ACTION PLAN

Protection of the environment in which we live and operate is part of Kasipul NG-CDF initiatives

Care for the environment is one of our key responsibilities and an important aspect in the way in which carry out our operations.

Our Environmental Policy

In this policy statement Kasipul NG-CDF commits to:

- Comply with all relevant environmental legislation, regulations and approved codes of practice
- Protecting the environment by striving to prevent and minimize our contribution to pollution of land, air, and water
- Seeking to keep wastage to a minimum and maximize the efficient use of materials and resources
- Managing and disposing of all wastage in a responsible manner;
- Providing training for our CDFC and staff so that we all work in accordance with this and within an environmentally aware culture
- Regularly communicating our environmental performance to our employees and other significant stakeholders
- Developing our management processes to ensure that environmental factors are considered during planning and implementation
- Monitoring and continuously improving our environmental performance.
- Seeking to leverage our environmental impact by encouraging stakeholders to improve their environmental performance

Our Environmental Action Plan

Kasipul NG-CDF has identified four areas in which we as an office have direct or indirect environmental impact, and where we can implement initiatives to manage and reduce these impacts.

These five areas together with our approach and targets for each are shown below:

Impact Area	Approach
Capacity Building	<ul style="list-style-type: none"> • Promote environmental awareness by sensitizing the Kasipul NG-CDFC, NG-CDFC staff and PMCs on good conservation practices • To encourage, through regular communication to Kasipul NG-CDFC, staff , and other stakeholders changes in individual behaviour to reduce usage
Conservation of Energy and Resources	<ul style="list-style-type: none"> • To maximize use of available technologies to remove the need to use paper • To encourage our clients to engage with us using electronic means where possible • To maximize on rain water harvesting • To make energy efficiency a key factor in the selection of any new energy devise being purchased • To invest in available energy saving technologies and devices within our existing premises
Environmental Protection and Conservation	<ul style="list-style-type: none"> • To promote use of volt guards to control power surges • We have constructed culverts and gabions to prevent soil erosion • To encourage tree planting in the constituency to improve the forest cover. • To promote purchase and installation of fire extinguishers to aid in extinguishing and controlling fires
Pollution Control and Waste Management	<ul style="list-style-type: none"> • To ensure that all paper waste is recycled • To ensure segregation of waste • To ensure proper human waste disposal
